

Let's Go Geocaching

You will be placed in 6 groups. Each group will have 2 GPS units. There are 6 hidden caches along the soccer field. Once your group has located the hidden cache (Rubber Duck), report to Kay in the library. You have several staff members in your group, so spread out to find the cache. Remember, the GPS won't give you the exact location but it will put you as close as 5-10 feet. You will not need to harm any plants or other items to find the cache. **NO CASHE IS HIDDEN IN THE WOODS.** Cashes are hidden on the perimeter of the field. Follow the clues!
